

Rural Business Technology Grants

What is it?

A micro-grant program to help rural businesses incorporate new technology into their business model to assist with logistics and marketing.

Minimum award: \$1,000

Maximum award: \$10,000

Who can apply?

This program is open to **farm- and forestry-based businesses** in the towns of Hamilton, Eaton, Madison, Lebanon, and Brookfield, and the villages of Hamilton, Earlville, and Morrisville. Preference will be given to businesses within 10 miles of the Village of Hamilton.

Examples of eligible projects include:

- Customer Relations Management subscription and setup
- Website build or upgrades
- E-commerce
- Business branding
- Professional photography

How to apply:

Visit the application portal at www.hamiltonpcd.org/grants to begin your online application.

Select from our list of **certified vendors** and work with them to create your project scope and budget.

Your business **must** submit the following materials with your application:

- A business plan created with the SBDC or FarmNet
- A current profit and loss statement, one year of cash flow projections, and a current balance sheet.
